

Utah Telecommunication  
Open Infrastructure Agency

Request for Proposal for  
Generator Maintenance Services  
RFQ # 2024GEN-001

September 3<sup>rd</sup>, 2024

The Utah Telecommunication Open Infrastructure Agency (UTOPIA Fiber) invites you to submit a proposal to provide backup generator maintenance for UTOPIA Fiber locations.

This RFP outlines the requirements for your proposal.

All proposals must be received by **5:00 P.M. Mountain Time on September 27<sup>th</sup> 2024 via email** to Jeff Erwin ([jerwin@utopafiber.com](mailto:jerwin@utopafiber.com)). **PROPOSALS SUBMITTED AFTER THE DEADLINE WILL NOT BE CONSIDERED.**

Please use email to direct all questions to Jeff Erwin ([jerwin@utopafiber.com](mailto:jerwin@utopafiber.com)). Any questions received will be answered and provided to other respondents.

We look forward to receiving your response.

Sincerely,

Roger Timmerman  
Executive Director  
UTOPIA Fiber

# UTOPIA Fiber

## 1. Introduction and Background

UTOPIA Fiber is accepting proposals from suitable qualified and experienced candidates for a one (1) year contract to provide backup generator maintenance and support.

Respondents will coordinate with Jeff Erwin by email ([jerwin@utopiafiber.com](mailto:jerwin@utopiafiber.com)) for all acknowledgements, questions/inquiries, or to schedule a walk-through of the buildings and remote facilities to ascertain scope of work.

If Respondents do not meet all the requirements or criteria listed in this RFP, UTOPIA Fiber still recommends they submit a proposal, providing the Respondent includes information on why they do not meet the requirement, and how and when they plan to meet the requirement in the future.

## 2. Objectives and RFP Schedule

UTOPIA Fiber's objective is to contract with someone that can provide qualifications for backup generator maintenance and support for its buildings/facilities that exhibits consistent performance, responsiveness, attention to detail, and effective skill level.

The RFP includes a preliminary scope of work and general terms and conditions of any subsequent contract. The scope of services, as defined herein, may be modified after final selection of the Contractor. The general terms and conditions are part of any submitted proposal and will be incorporated into any subsequent contract. Submission of a proposal shall constitute acceptance of these terms and conditions. Conditional responses may be rejected.

The issuance of this RFQ does not constitute an assurance by UTOPIA Fiber that any contract will actually be entered into by UTOPIA Fiber, and expressly reserves the right to:

- Reject any and all quotes
- Award to more than one entity
- Reissue the RFQ
- Adjust or extend any due dates in the RFQ process without warning

An acknowledgement or intent to bid, including the name and contact information for the primary contact, must be provided via email by 5:00 P.M. Mountain Standard Time on 9/27/2024.

Any questions pertaining to the RFQ must be submitted via email and can be submitted at any point after the RFQ is posted, up to the deadline for the final intent to bid. Final questions must be submitted by 5:00 P.M. Mountain Standard Time on 9/27/2022. Questions will be posted online for all respondents in two rounds to allow for follow-up questions and to provide timely responses for respondents to incorporate into their submissions.

Final submissions to this RFQ must be submitted via email by 5:00 P.M. Mountain Standard Time on 9/27/2024.

### 3. Legal Requirements

Respondents must provide proof that they are registered in the State of Utah and authorized with a valid and current business license.

### 4. Insurance

Contractor shall, at its own cost and expense, keep in full force and effect with sound and reputable insurers, insurance coverage in the minimum amounts described below. Respondents will provide documentation at time of submittal and when requested by UTOPIA Fiber management throughout the term of the contract.

Contractor shall include all subcontractors as insureds under its policies or shall furnish separate certificates for each subcontractor. All coverage for subcontractors shall be subject to all the requirements stated herein, and the Contractor shall be responsible for assuring that all subcontractors are properly insured.

Contractor may still submit a proposal if the below expectations cannot be met with supporting documentation of why.

Contractor insurance cannot be cancelled, terminated, or modified below the existing requirements by the Contractor without prior written approval of UTOPIA Fiber.

Workers Compensation Liability	Each Accident	\$1,000,000
	Each Employee by disease	\$1,000,000
	Policy Limit by disease	\$1,000,000
Commercial General Liability	General Aggregate	\$2,000,000
	Products/Completed Operations Aggregate	\$2,000,000
	Each Occurrence	\$1,000,000
	Personal/Advertising Injury	\$1,000,000
Business Auto Liability	Bodily Injury/Property Damage Combined Single Limit, Each Accident	\$1,000,000
	Insurance Covering Non-Owned and Hired (rented or	\$1,000,000

	leased) vehicles	
HVAC Bond or Crime Insurance for Property of Others	Each Claim	\$100,000

## 5. Equipment and supplies

Contractor shall be responsible for providing all equipment and supplies for the maintenance and service of generator equipment.

## 6. Days and Times of Service

Contractor shall provide work according to the following schedule:

Type of Service	Days and Times of Service
Semi-annual maintenance	Normal business hours 7:00 A.M. to 5:00 P.M. Monday through Friday; recognized holidays excepted.
After-hours support	5:00 P.M. to 7:00 A.M. Monday through Friday, Saturdays and Sundays, including recognized holidays
Emergency Response	365 days of the year, 24 hours per day, 7 days per week.

## 7. Safety

Contractor is responsible for maintaining OSHA-compliant safety programs and following all OSHA regulations while on the job site. Evidence that regular trainings are taking place may be requested by UTOPIA Fiber. Any accidents that occur while providing maintenance to UTOPIA Fiber shall be reported to UTOPIA Fiber within 24 hours of the accident occurring.

## 8. Security

Contractor will assume responsibility and comply with all security considerations at the facilities. This includes the following:

- Bonding of all personnel on the worksite
- Screening of all employees working within the facilities. This may include providing UTOPIA Fiber with background checks
- E-verify all personnel according to federal law
- Notification to UTOPIA Fiber when entering a site
- Training all employees on proper security measures, including physical and digital security

UTOPIA Fiber reserves the right to approve/refuse any prospective employees of the contractor as a result of any of the above information.

## 9. Financial Security and Stability

Respondents to this RFP must provide financial statements reviewed by a CPA and certified they are free from material misstatement and complete at time of submission. UTOPIA Fiber may request additional or updated financial statements at any point during the contract.

## 10. Scope of Work

The scope of work covers preventative maintenance and emergency services. Appendix A shows the locations of units to be serviced, quantity of units, and type of units. Contractor shall provide an appropriate level of on-site staffing, materials, tools, equipment, and vehicles to address the scope of work necessary. Contractor's services are to be compliant with all federal, state, and local safety and environmental regulatory requirements, including disposal of all waste. Respondents are expected to maintain an inventory of common parts which may be required in an emergency.

### 10.1. Generator Maintenance

Respondents should provide a proposal which includes the cost to visit and provide typical maintenance work for 148 total generators, three of which are still in the process of being turned up. Respondent shall visit each generator unit semi-annually (twice per year) for maintenance roughly six (6) months apart. Maintenance work should include, but does not need to be limited to:

- Notifying the UTOPIA Fiber Network Operations Center (NOC) of accessing the generator and beginning work.
- Inspecting the generator and transfer switch. Troubleshooting and identifying additional maintenance work which may need to be completed, including investigating and addressing any alarms the unit is throwing.
- Testing battery voltage and inspecting oil levels and air filter. Changing oil and air filter as necessary.
- Test-running the unit.
- Returning the generator to previous "auto" status and confirming unit visibility in our monitoring systems with our NOC.

### 10.2. Additional Generator Maintenance Work

Additional work beyond the generator maintenance, such as repairing or replacing failed or work moving parts (including but not limited to bearings, gaskets, motor starters, motors, valves, seals, gears, cooling systems and fluid, actuators, controls, and switches), shall be provided as separate quotes and does not need to be included in the proposal.

### 10.3. Emergency Response

Respondents should include in their proposal estimates on responding to emergency issues immediately (according to normal response times below) for issues involving failures of generator systems. Respondents must be able to confirm response to emergency issues within 30-minutes to discuss the issue and plan a response. Response time is based on normal weather conditions and traffic, and Respondents are expected to prioritize safe and responsible driving practices based on current road conditions above fast response times.

- Contractor shall respond to issues within a 50-mile radius of Salt Lake City within 2 hours. This includes Brigham City, Park City, and Spanish Fork.
- Contractor shall respond to issues within 100 miles of Salt Lake City within 3 hours. This includes Logan, Tremonton, and Elberta.
- Contractor shall respond to issues beyond 100 miles of Salt Lake City within 5 hours. This includes Cedar City and St. George.

### 10.4. Additional Analysis and Testing

Respondents are highly encouraged, but not required, to provide in their proposal additional

services for analyzing and testing generators to ensure optimal uptime. This may include, but is not limited to:

- Analyzing and testing oil, fuel, and/or coolant for contamination
- Load Bank Testing from the transfer switch (but not including the transfer switch itself) to ensure proper performance under load

#### 10.5. Work Not Included in Scope of Work

Work that is not included in the scope of work of this proposal includes:

- Original system design and installation
- Utility company service problems
- Thermal insulation
- Removing, replacing, or altering any part of UTOPIA Fiber building structure in the performance of this agreement
- Electrical service beyond the parts of generator equipment

#### 10.6. Reporting and Accounting

Respondents shall track and be able to report to UTOPIA Fiber monthly (including whenever UTOPIA Fiber requests) on the work completed, scheduled, and proposed. UTOPIA Fiber highly recommends, but does not require, respondents utilize an online reporting tool provided by UTOPIA Fiber for these reporting purposes.

### 11. Transition Period

While not required, in the event of future contracts being provided to another contractor, UTOPIA Fiber prefers the contractor receiving this award participate in a transition period of a maximum of thirty (30) days. This transition period may include:

- Communication with the new contractor of what equipment/locations have been serviced and what, if any, additional units need servicing.
- Notification of any units or locations which may require additional follow-up or are nearing future replacements.

### 12. Detailed Cost

Respondents will provide pricing based on the scope of work listed in section 11. To allow creativity in the normal process, this RFP will not require any mandatory pricing structures but will accept alternate pricing proposals. UTOPIA Fiber is open to any workable and cost-efficient proposal.

### 13. Client References

Respondents may provide client references to similar work they have completed. Respondents shall provide no more than five (5) client references for work they have completed.

### 14. Selection Criteria and Scoring

Respondents will be scored on price, references, and presentation of how well they can meet the above criteria.

Scoring is calculated based on these factors:

Price	70%
References	10%
Presentation	20%

UTOPIA Fiber shall be the sole judge of all proposals, particularly, which one best qualifies for acceptance. UTOPIA Fiber reserves the right to accept other than the lowest-priced proposal and to negotiate with respondents if it appears to be in the best interest of UTOPIA Fiber to do so. UTOPIA Fiber reserves the right to reject any and all proposals. The rejection of any or all proposals shall not render UTOPIA Fiber liable for costs or damages. The proposal must be signed by an officer or agent who has the authority to legally bind the Contractor. UTOPIA Fiber reserves the right to make an award without further discussion of the proposal submitted. UTOPIA Fiber shall not be bound or in any way obligated until both parties have executed a contract. UTOPIA Fiber also reserves the right to delay the award of a contract, to award the contract to multiple entities, or to not award a contract. The RFP may be awarded by individual task or total proposal, whichever is most advantageous to UTOPIA Fiber.

### **15. Contract Extension**

UTOPIA Fiber reserves the right to, at the end of the contract and at the sole discretion of UTOPIA Fiber, extend the one (1) year contract for up to an additional two (2) years in one year increments, if the work done by the Contractor meets the expectations and standards of UTOPIA Fiber.

### **16. Confidentiality**

All information provided in the proposal will be treated as confidential. Information will only be disclosed to relevant parties involved in the evaluation process.

### **17. Conclusion**

We look forward to receiving your proposals and partnering with a company that shares our vision for supporting high-speed internet access across Utah. This is an exciting opportunity to be part of a transformative project.
